economics letters

Category index of volume 62

C Mathematical and Quantitative Methods

S. Anatolyev, Nonparametric estimation of nonlinear rational expectation models (C6) 1
C. Kind, Remarks on the economic interpretation of Hopf bifurcations (C6) 147
J.-C. Huang, Improving the estimation precision for a selected parameter in multiple regression analysis: an algebraic approach (C13)261
Y. Kim, H. Qian and P. Schmidt, Efficient GMM and MD estimation of autoregressive models (C13)265
A. Yatchew, An elementary nonparametric differencing test of equality of regression functions (C14)271
J. Abrevaya, Computation of the maximum rank correlation estimator (C14)279
S. Cook, S. Holly and P. Turner, The power of tests for non-linearity: the case of Granger-Lee asymmetry (C15)155
C.W.J. Granger and T. Teräsvirta, A simple nonlinear time series model with misleading linear properties (C22)161
K. Hadri and G.D.A. Phillips, The accuracy of the higher order bias approximation for the 2SLS estimator (C22)167
J.Z. Easaw and D. Garratt, UK government expenditure and electoral security in the 1980s: a non-linear analysis (C22)287
D.A. Freund, T.J. Kniesner and A.T. LoSasso, Dealing with the common econometric problems of count data with excess zeros, endogenous treatment effects, and attrition bias (C25) 7
A.S. Soofi and L. Cao, Nonlinear deterministic forecasting of daily Peseta–Dollar exchange rate (C32)175
W.-K. Wong and C.-K. Li, A note on convex stochastic dominance (C60)293
A. de la Fuente and M.T. Naranjo, Continuity of the constraint correspondence in parameterized Kuhn–Tucker problems with concave constraints (C61)301
K. Bhattarai, M. Ghosh and J. Whalley, On some properties of a trade closure widely used in numerical modelling (C68) 13
J. Naeve, Nash implementation of the Nash bargaining solution using intuitive message spaces (C71) 23
W. Stanford, On the number of pure strategy Nash equilibria in finite common payoffs games (C72) 29
Y.S. Chiu and B. Rachel Yang, The outside option, threat point, and Nash bargaining solution (C72)181
A. Ziad, Pure strategy Nash equilibria of non-zero-sum two-person games: non-convex case (C72)307
J. Alcalde and P. Revilla, The role of unions in hiring procedures for job markets (C78)189
J. Sonnemans, A. Schram and T. Offerman, Strategic behavior in public good games: when partners drift apart (C79) 35

D Microeconomics

S.C. Parker, The generalised beta as a model for the distribution of earnings (D31)197
K. Mino, Non-separable utility function and indeterminacy of equilibrium in a model with human capital (D40)311
R. Santore, Pricing differentiated products with indifferent consumers (D43) 43
J.P. Formby, W.J. Smith and B. Zheng, The coefficient of variation, stochastic dominance and inequality: A new interpretation (D63)319
J.E. Peris and M.C. Sánchez, An oligarchy theorem in fixed agenda without Pareto conditions (D71)201
W. Fung and D.A. Hsieh, Is mean-variance analysis applicable to hedge funds? (D81) 53
J.T. Cuddington, Optimal annual contributions to flexible spending accounts: a rule-of-thumb (D81) 59
M.-K. Kong and H.-K. Lee, Demand for medical care, consumption and cointegration (D91)325

E Macroeconomics and Monetary Economics

S. Moresi, Uncertain lifetime, risk aversion and intertemporal substitution (E2) 207
J. Lee, The inflation and output variability tradeoff: evidence from a Garch model (E3) 63

Elsevier Science S.A.

F.C. Bagliano and A. Dalmazzo, Liquidation risks in the Rotemberg-Saloner implicit collusion model (E30) 69
A.P. Grant and L.B. Thomas, Inflationary expectations and rationality revisited (E37)331
V.R. Reinhart, Death and taxes: their implications for endogenous growth (E210)339

F International Economics

M. Krueger, Dynamic hedging in currency crisis (F3) 347
C.G. Tombazos, The impact of imports on the demand for labor in Australia (F14)351
M. Ueda, Incomplete observation, filtering, and the home bias puzzle (F30) 75
S. Fountas and K. Aristotelous, Has the European Monetary System led to more exports? Evidence from four European Union countries (F31)357
F. Pansard, Interest rate, speculative attacks and target zones (F33) 81

G Financial Economics

L.S. Redding, Negative nominal interest rates and the liquidity premium (G12)213

H Public Economics

W. Eggert and A. Haufler, Capital taxation and production efficiency in an open economy (H21) 85
G. Trandel and A. Snow, Progressive income taxation and the underground economy (H26)217
D. Botman, Vouchers as a way to finance unemployment benefits (H32)223
P.P. Barros, Budget effects of health care 'vouchers' (H51)229

I Health, Education, and Welfare

P. McCarthy and W.K. Talley, Evidence on risk compensation and safety behaviour (I12) 91
J. Heum Park, Estimation of sheepskin effects using the old and the new measures of educational attainment in the Current Population Survey (I20)237

J Labor and Demographic Economics

J.C. van Ours, The cyclical behavior of holdout durations (J30)365
T.M. Andersen and B. Sandemann Rasmussen, Effort, taxation and unemployment (J41) 97

K Law and Economics

W.A. Bartley, Will rationing guns reduce crime? (K42)241

L Industrial Organization

S. Martin, Strategic and welfare implications of bundling (L12)371
C. Constantatos and S. Perrakis, Free entry may reduce total willingness-to-pay (L13)105
R.M. Braid, The price and profit effects of horizontal mergers in two-dimensional spatial competition (L13)113
G. Symeonidis, Cartel stability in advertising-intensive and R&D-intensive industries (L13)121
R. Agarwal and D.B. Audretsch, The two views of small firms in industry dynamics: a reconciliation (L20)245

O Economic Development, Technological Change, and Growth

M. Diehl and E. Gundlach, Capital mobility and growth (O4) 131

C.E. Swanson, The division of labor and the extent of the market (O40)135
A. Tornell, Voracity and growth in discrete time (O40)139
J.T. Araujo and M.A.C. Martins, Economic growth with finite lifetimes (O41)377

Q Agricultural and Natural Resource Economics

J. Lampietti, Do husbands and wives make the same choices? Evidence from Northern Ethiopia (Q12)253
